

K-200 Basic

Industrial washing machine for bins

- ✓ Compact and user-friendly machine
- ✓ Automatic tipping system
- ✓ Low maintenance costs
- ✓ Efficient use of water, energy and chemicals

EXCEPTIONAL WASHING SOLUTIONS

UNIKON offers the solution

UNIKON has been supplying **washing and drying machines** worldwide since 1968. Thanks to these years of **experience** we know what the **specific needs** of your branche are. We develop, manufacture, sell and maintain industrial washing machines and dryers **worldwide** from our site in Barneveld, the Netherlands.

With a **UNIKON** machine you not only clean hygienically but also **environmental** friendly. Our machines use considerably less water, chemicals and energy and are 100% recyclable.

K-200 Basic

The K-200 is a basic washing machine for your standard bins. The machine is designed in such a way that the bins are easy to place thanks to its low inlet. The inside and outside of the bins are cleaned optimally thanks to the rotating washing frame. The K-200 Basic is a compact washing machine for your standard bins and is, thanks to the two-hand operation, safe and easy to use. This washing machine is an ideal machine when you need a compact norm bin washer, without compromising on quality. The K-200 Basic consists, like every Unikon machine, only exclusively of A-quality parts and is 100% recyclable.
