EXCEPTIONAL WASHING SOLUTIONS

UNIKON offers the solution

UNIKON has been supplying **washing and drying machines** worldwide since 1968. Thanks to these years of experience we know what the **specific needs** of your branche are. We develop, manufacture, sell and maintain industrial washing machines and dryers **worldwide** from our site in Barneveld, the Netherlands.

With a **UNIKON** machine you not only clean hygienically but also **environmental friendly**. Our machines use considerably less water, chemicals and energy and are 100% recyclable.

PAL-2500

The PAL-2500 cleans pallets, dividers, and similar products. Whether you are cleaning hundreds of pallets per day or per hour, whether you want a manual or automatic feed, stand-alone or in-line..., the PAL-2500 is completely customisable to your needs and requirements, including the option of drying pallets or dividers. The powerful pivoting spray system removes dirt thoroughly and cleans hygienically. Thanks to this spraying system, our unique filter system and dosing pump, you also save considerably on water, energy and chemicals. As with all Unikon machines, the PAL-2500 consists exclusively of A-quality components and is 100% recyclable.
