- ✓ Efficient use of water, energy and chemicals
- ✓ High productivity

EXCEPTIONAL WASHING SOLUTIONS

UNIKON offers the solution

UNIKON has been supplying **washing and drying machines** worldwide since 1968. Thanks to these years of experience we know what the **specific needs** of your branche are. We develop, manufacture, sell and maintain industrial washing machines and dryers **worldwide** from our site in Barneveld, the Netherlands.

With a **UNIKON** machine you not only clean hygienically but also **environmental friendly**. Our machines use considerably less water, chemicals and energy and are 100% recyclable.

UN-serie

The UN series is the basis for both standard and complicated washing and drying solutions. A large diversity and combination of products (such as crates, buckets, containers, barrels etc.) can be cleaned in this machine. The UN-series can be expanded with various options, such as a highly efficient drying unit (air-dried or spinner-dried), sticker remover, tilting unit or UV zone. Each machine in the UN-series is equipped with UNIKON's unique and powerful pivoting spray system that removes all contamination thoroughly and hygienically. The UN-series can be designed and built customer-specifically and will therefore always meet your personal wishes and requirements.
